RE: Temp. Permit # 032222

Dear Mr. Rappoli:

In reference to the Shady Hills Family Center permit # 032222; in which a permit is requested for a Christmas Parade; upon first review of the request I find the following: The event is scheduled for December 5th, 2009. The event will take place at Shady Hills Blvd, Spring Hill. Event coordinators will provide site security for the event. Traffic for the event will be handled the event coordinators and law enforcement. At this time I have no objections to the approval by the County, assuming the following condition is met:

Approval is gained for road closures and Law Enforcement officers are utilized to block roadways along the parade route until the roadway is re-opened.

The event organizer will need to follow and comply with all Local, State and Federal laws.

Sincerely,

A handwritten signature in black ink, appearing to read "Tim Powers".

I have reviewed the request for the Right-of-Way permit for the Shady Hills Christmas Parade on December 05, 2009 and have no objections as long as all safety measures and traffic control procedures requested by other County Departments are followed and access to Crews Lake Park is not blocked during the event hours.
